STUDENT ABSENCES

It is important that you contact the school before 9.30am if your child is absent for any reason or will be late to school. This includes absences for a school event where the students make their own way to the event.

Absence Line Phone: 3900 9460 or
 email admin: admin@camphillips.eq.edu.au

Please state your child's name, class, the date and the reason for the absence.

Principal's Report

As you may be aware, our school Principal, Mrs Driver, has decided to extend her leave for the rest of the school year. This is not a decision she has taken lightly and one that I know she would not have made without serious consideration for the implications for our school. As a result, I will continue in the role as Principal for the remainder of Term 4 and I'm confident that the entire Camp Hill staff will continue their great work to ensure the school continues to run efficiently and smoothly for the last four weeks. This is an exciting opportunity for me to learn more about what it is that makes Camp Hill such a great school and

I'm very proud to consider myself one of the Camp Hill family. I know I will have plenty of great ideas to take back to my regular position in 2019.

We are now just over halfway through Term 4 and students will be busy completing assessment for a range of subjects as we finalise our learning for the year and prepare for our end of year report cards. It is very important for students to remain focussed on their learning as we edge closer to the end of year and families play a key role in providing the support children need to achieve to their potential during this time. Traditionally, this time of year can be very busy so having the support of their families can make a huge difference to students as they negotiate the final stages of the school year. You may notice the children becoming increasingly tired (and possibly cranky!) as we progress through the term, particularly our younger students. This is to be expected as they have all packed so much into their school year and like the rest of us, they will be starting to show signs of fatigue as the year draws to a close. It's important that we all work together to remain empathetic to their needs whilst maintaining our expectations around appropriate behaviours both at home and at school.

All the best for the next fortnight.

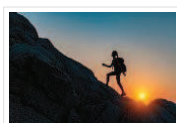

Jeremy Hall
 Acting Principal

Habits of the Mind

The Y.C.D.I program aims to strengthen the five social, emotional skills and values known as the “5 Keys” which all children need to manage.

The students have engaged in identifying ways in which we can be resilient when faced with feelings such as anger, sadness or worry:

- relax and think good thoughts
- find something fun to do
- Take 3 deep breaths
- find a buddy to talk to
- think of all the things you are good at
- count to 10 slowly
- find an adult to talk to
- use a ‘squeeze’ ball
