A Word From The Principal

Dear Volunteers,

Welcome to Camp Hill State Infants and Primary School (CHSIPS) and thank you for giving up your time to volunteer as a helper at our school. We look forward to your contribution and to working with you to provide quality and inclusive primary education to all of the students in our care.

Our school and P&C need people like you to donate time, energy and experience in a variety of areas. Together we can work towards a brighter future for our students.

This booklet is designed to provide you with some important information you will need to know while you are working here at Camp Hill. It also outlines some regulations and expectations which apply to all adults working in government Schools.

Please read the booklet carefully and ensure that you are both comfortable and familiar with its contents. This will ensure that your time with us here at Camp Hill will be a successful and enjoyable experience for you, the school and the students with whom you may work.

If you have any queries or concerns, please do not hesitate to speak to any member of staff. We are only too happy to assist you. Thank you again for your generosity and please know that we really appreciate your efforts.

Camp Hill State Infants and Primary School provides a warm and supportive community for all members of our school 'family' and we are proud of our students. Celebrations of achievements are a feature of our daily activities.

We welcome you to our school community.

HINTS TO GUIDE YOU

Do

Always be positive and encouraging with children. Encourage effort and progress not just success.

Feel free to discuss with the class teacher any concerns you have about a child. While teachers may be busy, they are very interested in your observations.

Always work with children in a place where you can be clearly seen by another adult. This protects both you and the child.

Always use a calm, quiet and encouraging voice. A raised voice can often frighten a child.

If you are feeling unwell or tired, please don't hesitate to phone the school to say you will not be in. Your efforts are appreciated and we understand that sometimes you won't be able to make it.

Don't

Don't discuss children's progress with anyone other than the child's class teacher.

Don't discipline children other than a verbal reminder about expectations. If children do not follow your instructions, you should report this to the class teacher immediately. It is expected that volunteers will be treated with respect at all times.

Don't use children's toilets or accompany a child to the toilet. Staff toilets are available near the student toilets (Disabled Toilets) and in the administration staff area. You are always welcome to use staffroom toilets.

Safety Advice

1. Please ensure that you follow all appropriate safety procedures regarding the use of any school equipment.
2. Please do not bring equipment from home for use at school.
3. There are ladders available for reaching high places. Please do not climb on chairs or any other furniture.
4. Lifting – Be careful when lifting anything. Please clear a path before lifting; keep the weight close to your body and lift with bent knees and straight back. The school has trolleys to move things if you have any doubts.
5. When preparing food, please observe all hygiene procedures.

EMERGENCY EVACUATION PROCEDURES

All visitors/volunteers are required to follow the directions of the designated Fire Warden so they can be accounted for in the school register.

Bells will be run and entrances to the school manned by designated staff.

In the event of an Emergency Evacuation, you should immediately abandon your tasks whilst ensuring you do not leave any fire or safety hazards (i.e. cooking appliances if you are in the tuckshop). Please leave all personal items behind and obey any instructions given by Camp Hill staff. Please ensure you report to the teacher in charge of your volunteer area or the office support so we can account for you in these circumstances.

An Evacuation Plan is provided near the entrance of each teaching space, please move to your designated area in a quiet and calm manner. Evacuation drills are practiced each term throughout the year.

LOCKDOWN PROCEDURES

1. What is a Lockdown?

The Lockdown procedure is used when there is an identified threat on campus. A lockdown is the securing of persons within a building to prevent a potential threat of harm or injury to Staff, Students, Visitors, Parent Helpers, Contractors or Tradespeople.

2. What is a potential threat?

Dangerous person/undesirable visitor on or about the site.

- Toxic spill – chemical spill on or about the vicinity of the school.
- Gas leak
- Severe storm

Basically, any situation where it is considered that persons will be safer indoors.

3. Who orders a Lockdown?

The Principal or a member of the Leadership Team will instigate this emergency procedure.

4. What happens in a Lockdown?

In the event of a Lockdown drill, the music <a song> will play over the PA system. All doors and windows are to be locked and nobody is to be exposed to the elements. Until the all clear is given, it is imperative that there is complete silence and people are on the ground in a safe place. Lockdowns do occur in schools and may be for a variety of reasons.

- ❖ Staff and/or volunteers should not speak to the media about the event and should advise students similarly. If the media approaches, they should be directed to the Principal.

As there is no way to know if these are drills or real events, we treat each incident as if it were an actual event. We lead by example for our children – in the event of a real incident, they will have known procedures to follow and will have the best possible chance of safety.

The Lockdown procedures are practised frequently across the year to refresh children and staff on the procedures. Our students are confident of what to do when they hear the alert. Plans of Lockdowns are on display in all classrooms and associated teaching areas.

Feedback is essential after participating in these drills so we can ensure best practice at all times. Please feel free to participate in the feedback process.

Remember – people are more important than possessions and are always our Number One priority!

PARENT/CARER VOLUNTEERS AND CONFIDENTIALITY

Rationale

At Camp Hill, we acknowledge parents as the first educators of their children and strongly encourage them to be involved in the education of their children. It is our hope that parents will join in partnership with the staff of the school and work together to provide quality education for our students.

Parents are often invited to act as helpers in many classes. This can include such tasks as helping students with reading or maths activities, helping with art or cooking, working as a volunteer at sporting events and assisting with the swimming program. Parents can also be invited to take part in school camps and excursions and to be of assistance to the staff in supervising the students on these occasions. Parents can also work in a voluntary capacity in the library or tuckshop, and they may be asked to act as a Class Parent Representative for their child's class. Individual class teachers may also ask parents for assistance in other areas.

At all times, parents who volunteer to work in these situations are formally and informally given access to certain information about students, teachers and class activities. Out of respect for Privacy legislation, the rights of students, staff and other parents and courtesy, all parent volunteers need to be mindful of confidentiality and ensure that they do not share or discuss any information or facts that they see or hear at school.

Policy

Parents are welcomed and invited to be involved in their child's education. All parents who work as volunteers at school will need to respect the confidentiality of staff, students and other parents at all times.

Implementation

When parents are invited to act as volunteers at school, they will be asked to read the 'Mandatory All-Staff Training key messages guide' and accept and sign off on the protecting our information.

Breaches in confidentiality will be treated seriously and the parents involved will be asked to meet with the principal.

Confidentiality will be discussed with all parent volunteers before they begin work in the classes or at school.

Examples of inappropriate use of information:

A volunteer gives a student's contact details to a person who claims to be the student's parent without checking with anyone.

A consultant working in a school notices a behaviour report relating to a student she knows on the photocopier. She makes a copy and takes it home.

STUDENT PROTECTION

Child protection is everyone's business

As adults we all have a responsibility to care for children and young people and to protect them from all forms of harm as well as to positively promote their welfare.

Department of Education seeks to continue its adherence to legislative requirements, policy directives and duty of care to students by a commitment to the implementation of student protection strategies and processes.

The volunteer's role in the school

Our aim is to give students the sense of being safe and valued as people so that they are secure and ready to learn at their best. As a volunteer you play a significant role in the work of the school, form part of the school community and assist in providing the optimal learning environment for the students.

This document outlines your responsibilities as a volunteer in the vital area of student protection and it is important that you read this document, in conjunction with the Volunteer Code of Conduct, so you understand your responsibilities in the protection of our students.

What is child abuse?

The term 'abuse' has been replaced in recent state legislation with the term "**harm**". Child '**abuse**' is any act, or failure to act, that leads to the '**harm**' of a child or young person. It can be better understood by thinking that '**abuse**' is the **action** and '**harm**' is the **consequence**.

The legal definition of 'harm'

In Queensland harm is legally defined as:

'Harm, to a child/student under 18 years, is any detrimental effect of a significant nature on the child/student's physical, psychological or emotional wellbeing.

It is immaterial how the harm is caused.

Harm can be caused by:

- (a) physical, psychological or emotional abuse or neglect; or*
- (b) sexual abuse or exploitation'.*

(the Child Protection Act 1999)

Within a school there are four (4) sources of harm to a student.

They are:

1. Harm to a student by a staff member, other employee or volunteer of the school.
2. Harm to a student by someone outside the school.
3. Harm by other students.
4. Student self-harm.

What are reasonable grounds to suspect harm to a student?

Reasonable grounds to suspect that harm to a student may have occurred is when:

- a student speaks about being harmed or being in danger of being harmed
- someone else (perhaps a relative, friend, acquaintance or sibling of the student) informs you that they suspect a student has been harmed
- a student tells you that they know a child who has been harmed (often the student can be referring to him/herself)
- you observe a particular student's behaviour, physical appearance or social relationship that raises concerns of possible harm to the student.

What is a "disclosure" of harm?

Sometimes a student may approach you and tell you about their experience of being harmed. This is described as a "disclosure".

If a student speaks to you about a concern, you need to be prepared so that you can be supportive of the student and clear about your own responsibility at the same time.

If a student tells you about being harmed or being at risk of harm:

DO:

- Let them tell their experience first in their own words and at their own time.
- Listen attentively to their story.
- React calmly to the information the student provides though it might be upsetting.
- Reassure the student that they have done the right thing to tell (e.g. "I am pleased you have told me these things").
- Reassure the child that it is not his/her fault that whatever the concern is has occurred.
- **At this stage you may ask for clarification ONLY if it is necessary. If you have the essence of the story, you probably have enough information to report your concerns.**
- Be thoughtful and careful of the student's feelings at this time. They may be distressed or ashamed, so they will need care and reassurance.
- Be aware of privacy issues for the student.
- Treat this information confidentially and discuss it only with the right person out of the hearing of other students.
- Be honest with the student about your responsibility for taking action.
- Act immediately to report the concerns to the principal.

DO NOT:

- Panic.
- React emotionally or accuse the alleged perpetrator.
- Ask leading questions (e.g. 'Was it your father who did this to you?').
- Make promises that you cannot keep – particularly about not telling others (e.g. relevant adults such as the principal etc) about the information.
- Leave the student alone immediately after a disclosure as they will be feeling very vulnerable at this time.
- Discuss the situation with parents, caregivers or others (other than those designated e.g. principal).

Your reporting responsibilities

In your role as a volunteer at the school if in any instance:

- you become aware, or reasonably suspect harm to a student has occurred, or it is likely of it occurring, you must report this as soon as possible to the principal.
- Please check with your school principal about whom you are to report to if you have concerns about a student.

REMEMBER

It is vital to maintain confidentiality for the protection of all involved.

What happens next?

Once you have reported the alleged harm of a student, the principal will do whatever is necessary to make sure the student is safe.

The Department of Education has student protection reporting processes and all Department of Education staff have received training in student protection.

You can rest assured that your report will be taken seriously, dealt with immediately and reported to the appropriate State authorities where necessary.

Here are some scenarios for your consideration:

Scenario 1

You work as a volunteer in the tuckshop. You notice a year 2 girl has a large bruise around her eye and she tells you that she had been hit by her mother. You know her mother well. What do you do?

Scenario 2

You are a volunteer who assists with helping students to read. Another volunteer is working nearby with a student. You observe that the volunteer appears angry, is raising her voice at the student, poking the student on the shoulder. You have worked with this volunteer all year and usually have morning tea with her. What do you do?

Scenario 3

You are a volunteer and assist with the school year six netball team. You notice that a female student in the team has cuts on her arms and on her legs. You enquire about the cuts and she tells you she did it to herself because she felt unhappy. You remember someone remarking in the past that this girl was a little '*strange*'. What do you do?

Scenario 4

You are a volunteer parent assisting school staff take the year six class on an excursion. On the bus one of the year six girls tells you that one of the boys has been acting in a sexually inappropriate manner at the back of the bus. The male student is the son of a friend with whom you talk with regularly. What do you do?

Answers to scenarios:

Each of these situations should be reported to the principal.

Remember you do NOT have to be sure that a student has been harmed to report – you just need to have a concern.

Very Important Note

If you have been involved in a student protection matter in your role as a school volunteer, be aware of your own reactions and seek support if required. Your principal can assist you with this issue.

Department of Education thanks you for your support for our schools and our students.
